Dear members of CAESOK

A lot of water has flown under the bridge. Mantra for self-sustenance and survival is to flow with the tide and adapt as per the existing circumstances. As practitioners we can only heave a sigh of relief, once the vaccine for COVID-19 is marketed and made accessible to common man. Let us all believe in *Karma* and sincerely hope that there is always light at the end of a dark tunnel. The past five months have been significant with cancellation of midterm conference and PG convention at the last moment.

Strong belief in the Almighty God is the need of the hour and let us all unite together in our defiance towards the pandemic and pray for a safe tomorrow.

Thank you!

Afzal A MDS
Secretary, CAESOK
