

President's Message

I had the fortune of taking over the reins of CAESOK from Dr K Ravi Varma who was my mentor at Yenepoya Dental College, Mangaluru, Karnataka. Lots of hard work need to be put in to carry forward the good deeds of the previous team of office bearers.

As a fraternity, CAESOK is functioning extremely well with the upcoming orientation program for exam-going postgraduate students at Pushpagiri Institute of Dental Sciences, Tiruvalla Midterm conference at Kozhikode and 17th Annual Conference coming up in Thiruvananthapuram.

Very remarkable is the fact that each time the bar is raised for midterm conferences as far as quality of scientific papers, poster presentations and keynote lectures is concerned.

There are plans by the office bearers to bring out official CAESOK T-shirts and car stickers. The need of the hour is to bring in more life members to the fraternity; with this noble intention, two senior past presidents of CAESOK Dr K Radhakrishnan Nair and Dr Baby James have been appointed along with regional coordinators.

Jai Hind!

Yours in CAESOK

Rajesh Pillai
President, CAESOK
